SUBJECT No. 392.

A building for Model A. H. school at Bangalore.

Mr. M. G. Mekhri, Central Mahomedan Association, Bangalore.

Summary of discussion.—All attempts to secure a suitable rented building for the Model Anglo-Hindustani School at Bangalore having failed so far, it is requested that a decent building may be caused to be constructed in the maidan between the Kalasapalya Police Station and the Doddanna Hall, which seems to be the most convenient and central place now available for the purpose. Until such a *pukka* building on suitable pattern is erected, there is no chance of housing the model school in a healthy building.

Reply of Government.—Noted.

SUBJECT No. 393.

Unani Medical College in the Bangalore City.

Mr. Abdul Rahim, Bangalore City Municipal Council.

Summary of discussion.—Medical practice among Hindus and Mahomedans is in the hands of many irresponsible, incompetent and inexperienced persons. Treatment by these is likely to prejudice the health of the public.

Their number is very great at present and is constantly increasing. To ensure safety of patients in the hands of Ayurvedic Pundits, the Government was pleased to open an Ayurvedic College at Mysore, and provide for systematic training therein in Hindu medicine.

It is therefore prayed that the Government will be pleased to display its generosity by opening a "*Unani* Medical College" at Bangalore to enable the students to learn the *Unani* system of treatment on its scientific basis.

Reply of Government.—Will be considered.

SUBJECT No. 394.

A bridge across the Arkavati river.

Messrs. Narayana Setty and Gurukar Venkataramana Gowda, Kankanhalli taluk.

Summary of discussion.—A bridge across the Arkavati river on the Bangalore-Kankanhalli high road may be caused to be constructed, and a toll-gate established there to meet the extra expenditure.

Reply of Government.—Bridges are taken up in the order of urgency. There is no chance of the bridge in question being taken up early.
